

xx micro

A vending machine conceived for bars, hotels up to 30 rooms, bed & breakfast and office coffee break. It is handy thanks to its small dimensions, easy to place, to install and to re-fill.

Cleaning and maintenance are simple; the internal parts can be removed and put back easily.

xx micro is available in black and silver colors, perfect in any setting and location.

User interface

6 programmable selections buttons.

Drinks

xx micro makes the most of the instant ingredients, delivering drinks of high and constant quality. Problems deriving from limescale are minimised thanks to a valve-less systems.

Programming

Highly flexible and personal drink profiling can be achieved either with our rheAction support software or with the MT1 terminal, which is connected to the machine through Flash key.

(MT1 terminal)

Versions

Stand alone with a built in water tank 2,2 litre, or connection to water mains.

The stand alone version is equipped with a practical flap on top for easy water re-fill.
